

Mohga Ali Abdelslam youssef

PERSONAL INFORMATION:

Email: mohga.ali@azhar.edu.eg
Mobile Tel: 010-19989191

PRESENT OCCUPATION:

Works as an architect and lecturer in the Department of Architecture at Al-Azhar University

An opportunity to work as an architect in a qualified company covering different branches of architecture and interior design so I can have the chance to learn and execute in them.

EDUCATION AND PROFESSIONAL QUALIFICATIONS :

- **2018/ 2022** : My PhD focused on performative design optimization in architecture through a synthesis of performance analysis, aesthetics, and digital fabrication techniques, proposing a new concept of environmental design principles in buildings through façade design and examining the simulation techniques involved.
- **2012/ 2016** :Studying Master in (The Concept of sustainability in Islamic Architecture) -Al Azhar University - Faculty of Engineering, Architecture Department.
- **2007/ 2011** :Al Azhar University - Faculty of Engineering, Architecture department.
degree: very good with degree of Honors

My research is centered on the control of façade systems and daylight performance. I conducted my PhD research jointly at Al-Azhar University in Egypt. The project focused on optimization in architecture through a synthesis of performance analysis, aesthetics, and digital fabrication techniques, proposing a new concept of environmental design principles in buildings
